Re: MB Docket No. 04-233

To Whom It May Concern:

I am writing to express my concern about the LPFM stations that may take priority over current FM translator services in our area. I am particularly concerned about K-LOVE which we received by translator 89.5 FM. Hundreds of thousands of people listen to K-LOVE all over the country and would dearly miss the wholesome, positive and encouraging message that is heard on this station 24 hours a day. We have waited many years to have a station of this caliber in our area and do not wish to see it taken from us. We do not have the option for such stations except by translator in our area. It serves our community in a very positive way, especially the young people in our area. It has very family-friendly programming which support wholesome values that is appropriate for the whole family to listen to. If K-LOVE were to be replaced by an LPFM station with other programming, we would lose the option of the positive effect this station has on the many individuals that depend on them for a positive message to encourage them throughout each and every day. I am writing this letter in the public interest of our local area, because of the excellent, non-commercial, positive programming that is provided by K-LOVE. They are listener-supported, so that should say it all! Thank you in advance for your consideration in this matter.

Sincerely,  
Gary A. Hart
